

Dan Curran, CPCU, ARe
Senior Vice President,
Underwriting Officer
AmWINS Program Underwriters (APU)

As Senior Vice President & Underwriting Officer, Dan contributes to the development and execution of the strategic direction and initiatives of the APU group. He also maintains leadership responsibilities for multiple programs based throughout the country.

Dan started his career as an Actuarial Analyst at a large reinsurance MGA where he learned actuarial pricing and reserving techniques and was exposed to all functional units of the industry including underwriting, claims, finance, sales and risk management. Since then, Dan has focused on underwriting and has grown his career by taking on positions of increasing responsibility at various insurance companies. Dan joined AmWINS Program Underwriters in 2017 by acquisition of Willis Programs. Dan served on the executive leadership team of Willis Programs as Senior Vice President, Underwriting Officer for four years. Prior to joining Willis Programs in 2012, Dan was part of a two man team that developed and launched the programs division of a national insurance carrier. Dan's experience also includes the underwriting of large captives and the management of programs at a Fortune 100 insurance carrier.

Dan holds a Bachelor of Arts degree in economics and finance from Saint Anselm College and a Master of Business Administration degree with a concentration in finance from Boston University.
